

**GE committee meeting
October 26, 2021**

1. Review of minutes of September 28, 2021. Good job, Michelle! Minutes approved.
2. ME-80 course resubmittal: Course approved with new details.
3. Global Theatre course still conditionally approved. The committee asks that the assignments be clearer about requiring that students to examine issues from a Christian perspective.
4. JRD report: We are concerned about the slow speed of approval and the lack of communication about this GE requirement from trustees/administration to faculty.
5. Serving Society: Various options for changing the requirement were discussed.
 - a. Leave it as it is but determine a way to assess it.
 - b. Move the requirement from the GE—and make it a check-point for graduation for all students.

In pale imitation of Michelle Hardley's outstanding note-taking,

Greg Spencer
