II. Approve the Minutes of January 25th

The meeting minutes were approved.

III. Discussion of the JRD Proposal Rationale

Steve noted the changes that have been made to the rational document since our last review. He will plan to talk with Rick Ifland about the option to reduce the number of motions by removing those that are related to the correction of typos and GE student learning outcome clarification.

The biggest change was the addition of language allowing for the ability to consider multiple biblical frameworks as long as they are in alignment with other Westmont core documents.

The committee continued to discuss the language in the document and made changes as needed.

Committee members should let Steve know by this evening if they have a preference with the current GE student learning outcome or whether they would prefer to split the current GE student learning outcome into two separate outcomes.

IV. Updates on the Implications of Making Serving Society a Graduation Requirement

This item will be discussed in a future meeting.

V. Other Business

Respectfully submitted,
Michelle Hardley
